INTEGRATED CENTRE FOR CHILDREN WITH SPECIAL NEEDS

ABOUT US

We are running a center at Anna Nagar, Chennai, since March 2019, to educate, train and empower children and young adults in the age group of 6 to 30 years, with disabilities like intellectual disability, Autism, CP (with independent mobility), Downs Syndrome and multiple disability.

We started with five students and are presently providing services to fifty students.

For students between the age group of 6 to 18 years, we are providing basic education, pre academics, self help skills like eating, drinking etc. , communication, social skills, yoga and sports for physical well being. For students who are able to cope up with academics, we are enrolling them into non formal education through open schooling.

Until now around 15 students have cleared secondary and senior secondary exams.

For students above 18 years of age, we are providing vocational training, life skill training, sports and yoga for physical well being, employability skills, leisure time activities.

Seven of our students, underwent internship at SHELL outlets for one month under the guidance of job coaches. Four of our students took up an outsourced work for three months at a stabilizer making company. Products like vegetables cut are regularly sold out to the parents and neighbors and the proceeds are given away to the students as stipends.

Our uniqueness is designing curriculum specific to each child, nurturing the talents of each child and taking them forward to the next level and projecting their abilities to the society, and creating some outsourced work to train for employability skills. We have enrolled students with severe behavioral problems, who have been turned down by many other organizations.

4. About M.N. Eye Hospital

M.N. Eye Hospital Pvt Ltd is one of the leading eye hospitals in Chennai with more than 33 years of experience in the field of eye care and has positioned itself as an ethical, compassionate family eye care. It was started in 1986 with an intent to provide quality eye care at affordable cost to the fisherfolk of North Chennai, who had no access to quality eye care. In a short span, they realized that the problem of availing good eye care was a for more complex socioeconomic problem.

Janaki Natarajan Vision Research and Visual Rehabilitation Charities (JNVR) was registered as a Trust (Regn No.449/1988, dated 24-02-1988) to eradicate needless Blindness in the society. There was a certain group of people, who couldn't afford to pay even nominal charges. Thus, was born the idea of a charitable trust right next door to the paying hospital. It served as the charity wing of this hospital, providing completely free consultation and performing cataract surgery free of cost for more than 30 years.

M.N.
